SpaceSIO

CERTIFICATE OF ISSUANCE

The message below was converted into a radio signal
and transmitted into space from Earth.

just this

To whoever reads light we already forgot how to send: we printed by hand so a thing would outlast us. Consider this the smallest press run ever, one copy, aimed up.

BROADCAST ORIGIN

SIOComms1

SKY AT BROADCAST

Venus was almost directly overhead as your signal launched.

TRANSMISSION ID
`EDC6A151B415`

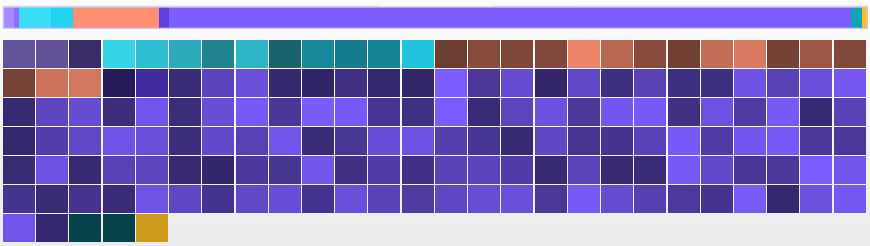

FREQUENCY
`6 GHz`

CONFIRMATION ID
`CFM-205F-A264-5A14`

DATE & TIME
